

CLEANING PRODUCTS ENGINEERED FOR STRENGTH, SAFETY AND VERSATILITY

SIMPLE GREEN® ANTI-SPATTER

The safer spatter protection method

UNIQUE FEATURES

- High-performance spatter release solution specially formulated for the welding industry
- Helps maintain optimum equipment performance and lifespan
- Rinses residue free for use prior to plating or painting
- Oil and silicone free
- Does not contain Methylene Chloride
- Non-flammable and non-caustic formula
- Ready-to-use formula goes on easily and quickly
- Reduces time-consuming spatter removal that can cause inconvenient and costly downtime
- No added color or scent

APPLICATIONS

- Protects welding equipment and work surfaces from unwanted spatter
- Keeps nozzles, diffusers, tips and shrouds clear of spatter build-up
- Prevents weld spatter from sticking to tables, jigs and other metal working surfaces
- Apply to surfaces adjacent to welds to prevent unwanted spatter impact
- Protects vices, pliers and other tools from damage
- Use on aluminum, steel, and other metal surfaces
- Works on painted and plated metals
- Use in place of scraping, grinding and other potentially dangerous and damaging spatter control methods
- Ideal for use in automotive, manufacturing, engineering, utilities, transportation, architectural, construction, government, and military industries

INSTRUCTIONS FOR USE

- Spray on areas to be protected from spatter: nozzles, diffusers & tips, and surfaces adjacent to weld
- After welding, rinse with water and dry prior to plating or painting
