

Versatile manual backpack sprayer with 20 litre capacity. It includes a selection of nozzles that allows different types of application. Sprayer suitable for use in large gardens.

Advantages

- Greater strength and performance to agrochemicals thanks to the quality of its materials (FPM seal and joints, stainless steel handle and reinforced hose).
- Nozzles included (4 holes and white mirror) for different applications and crops.
- Maintenance without tools.
- Homogeneous treatment thanks to the pressure regulator.
- Possibility of mixing inside the tank thanks to the translucent liquid level indicator.
- Ambidextrous and lightweight keeping the ergonomics.
- Suitable for application of products of natural origin (pelargonic, acetic, etc...).
