Specific gravity: 0.97 gr/cc

Non volatiles: 95 %

Solubility in water: Soluble

Flash point: None

Storage stability: Keep away from direct sun light and acids

pH : Basic (14)

Flammability: Non-flammable

Packaging: 12x1.24Lbs Cans/Case

UN-CLOG II cleans and maintains drains by attacking the source of clogged or slow moving drains. It quickly dissolves matter which becomes trapped and tangled in pipe systems; (hair, paper, wood, soap scum and slime).

To use, remove excess water. Holding container at arms length, slowly pour 1 cup of UN-CLOG II into drain. Slowly trickle water into drain. Let stand for 60-90 seconds. Repeat until drain flows freely and flush with lots of water. Always use protective gloves, goggles, and appropriate clothing when working with this product.

Refer to the label and SDS for additional instructions and precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by ChemTron.
