

Electronic Touch-Free Towel Dispenser, Black

12 ⁵/₁₆" x 9 ⁵/₁₆" x 15 ¹⁵/₁₆"

Description:

Designed to last in busy restrooms, this single roll electronic hand towel dispenser offers reliable performance. Durable and easy to maintain, it delivers a hygienic and seamless dispensing experience--all with a simple wave of the hand.

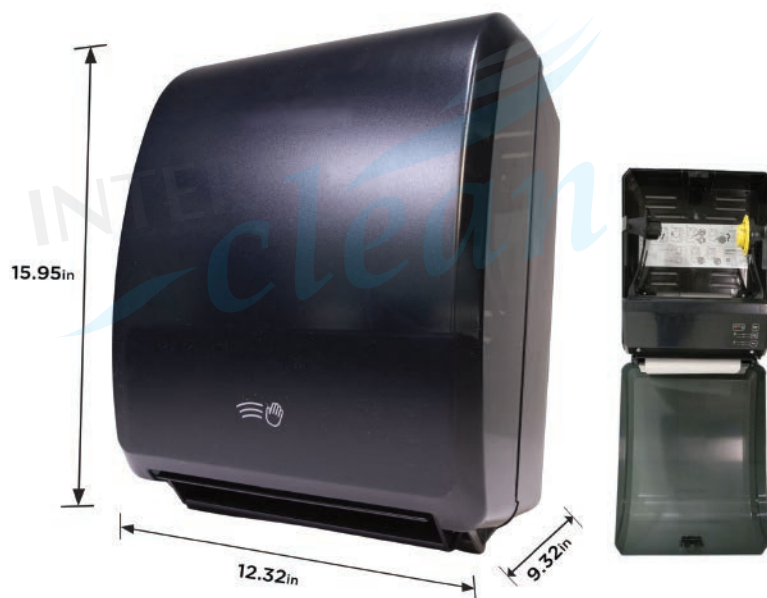

The efficient motor enables the dispenser to provide up to 80 rolls of 800-ft toweling before having to replace the batteries, reducing downtime and time spent on maintenance. An intuitive, one-touch control panel allows for customized options. Select either Short (10") or Long (18") sheet length to optimize the user experience while managing waste and cost.

Control panel also provides the option of "On Demand" mode for user-activated dispensing or "Valet" for automatic dispensing. While it's built to handle the pressures of everyday use, this electronic hand towel dispenser is also simple to maintain. The paper roll index and paper feed button allow for quick and easy loading when it's time to refill the dispenser. A translucent cover and low battery indicator light provide at-a-glance service, so you can quickly see what needs to be replaced.

Specifications:

ITEM #:	BWK33GREEN
TOWELS DISPENSERS TYPE:	Electronic Roll Towel Dispenser
MATERIAL(S):	Plastic
CAPACITY (TEXT):	One 7.8" Diameter Roll
COLOR(S):	Black Translucent
DEPTH:	9 ⁵/₁₆"
