# IRON REMOVER<sup>+</sup>

Decontaminant & Wheel Cleaner

## pH Neutral Formula

Exposes & Breaks down Iron Particles & Contaminants

**Interchem's Iron Remover Spray Decontaminant Plus** is an improvement to the standard Iron Remover on the market. **Interchem's Iron Remover<sup>+</sup>** is a highly reactive, pH neutral cleaner for all types of paintwork or wheels. Iron Remover is primarily used for removing set-in iron particles, such as brake dust, in paintwork and decontamination the surface from fall out. However, it also effortlessly loosens and removes stubborn grime, such as burnt-on brake dust, oil, grease, rubber residue and other road dirt from wheels, rims, hub caps and lug nuts. Turns red while fighting grime and now lower Odor than ever!

- Removes Iron Deposits & Contamination
- Lower Smell & Faster Reaction
- Bleeds Red

9th Avenue South, Barataria,  
Trinidad & Tobago.
