

Simple Green® d Pro 5 Disinfectant Cleaner Sanitizer Fungicide Mildewstate Virucide Deodorizer

Item No: 3410000430501

Size: 1 Gallon Case Of 4

Application: Simple Green d Pro 5 One-Step Disinfectant is designed for use on all washable, hard, non-porous surfaces. Disinfects sinks, urinals, toilets, showers, tubs, fixtures, doorknobs, countertops, floors, furniture, desks and more. Sanitizes pre-cleaned food contact surfaces such as cutting boards, coolers, cutlery, cooking utensils, appliance exteriors, dishware and glassware. Deodorizes and Inhibits mold and mildew growth on trash cans, cages and kennel runs. Safe for metal, plastic, sealed stone, laminates, fiberglass and ultrasonic baths. Simple Green d Pro 5 One-Step Disinfectant cleans and disinfects common areas such as restrooms, waiting rooms, public transportation, lobbies and more. It helps to prevent the rapid spread of communicable diseases in schools, day care facilities, office buildings, hotels, convenience stores, prisons and other high-traffic facilities. The formula contains no added color or fragrance, making it ideal for use in food production and processing, commercial kitchens, bars, restaurants and cafeterias. It is also perfect for disinfecting gym equipment, locker rooms, saunas and steam rooms and kills potentially deadly diseases in hospitals, clinics, dental offices, emergency vehicles, nursing homes, veterinary offices, and other medical settings.

Usage: Preparation of Disinfectant Use-Solution: Mix 2 oz. per gallon of water (1:64). For heavy duty-use, mix 8 oz. per gallon of water (1:16). Disinfection/Virucidal/Fungicidal/Mold and Mildew Control Directions: Apply use-solution to hard, nonporous surfaces, thoroughly wetting surfaces, with a cloth, mop, sponge, sprayer or by immersion. Treated surfaces must remain wet for 10 minutes. For Influenza Virus Type A and Human Coronavirus treated surfaces must remain wet for 1 minute. Wipe dry with a cloth, sponge or mop or allow to air dry. For heavily soiled areas, preliminary cleaning is required. For sprayer applications, use a coarse spray device. Spray 6 - 8 inches from the surface; rub with brush, sponge or cloth. Avoid breathing spray. Simple Green d Pro 5 is a one-step fungicide at 2 oz. per gallon in 200 ppm hard water and 5% serum. For mold and mildew: At 2 oz. per gallon, Simple Green d Pro 5 will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, nonporous surfaces. Follow disinfection instructions. Repeat treatment every seven days, or more often if new growth appears. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before reuse. Do not use on utensils, glassware and dishes as a disinfectant. Bactericidal Stability of Use-Dilution Tests confirm that Simple Green d Pro 5, when diluted in soft water, remains effective against *Pseudomonas aeruginosa*, *Staphylococcus aureus* and *Salmonella enterica* for up to one week when stored in a sealed container such as a spray bottle. If product becomes visibly dirty or contaminated, the use-dilution must be discarded and fresh product prepared. Always use clean, properly labeled containers when diluting this product. Bactericidal stability of the use-dilution does not apply to open containers such as buckets or pails. This product is not for use on medical device surfaces.

Description: Simple Green d Pro 5 One-Step Disinfectant is an EPA registered, hospital grade disinfectant known for its high performance.
