

Low Foam Concentrate **Wash & Wax Heavy Duty** PAINTS ♦ RUBBER ♦ PLASTIC

UNIQUE FEATURES

Interchem's Wash & Wax is a concentrated low foam shampoo that contains cleaning detergents and silicone emulsions allowing fast rinsing, drying and a durable shine to the surface. It leaves a protective coating that repels water, making the surface more resistant to dirt, bug residue and soils.

Interchem's Wash and Wax can be used to wash cars, trucks, boats and any finished metal surfaces and plastics. It can be used manually or in automated car wash systems.

NOTE: Not recommended on floors or other surfaces where a residual slippery surface is a problem.

CLEANS & SHINES

REMOVES DIRT, GREASE & OILS

ACHIEVES HIGHER GLOSS
